# **CRITERION I – CURRICULAR ASPECTS**

#### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Curriculum delivery is an integral part of the Higher Educational Institutions particularly in the era of modernisation owing to the fact that the HEIs prepare the students for the opportunities and challenges of the 21st century. kurseong college, affiliated to the university of North Bengal in the district of Darjeeling offers various courses leading to the award of degrees in Bachelor of Arts, Bachelor of Science and Bachelor of Commerce along with honours courses in different disciplines. The students enrolled in the College are registered with the University of North Bengal which conducts the examinations and awards the degrees. The college sincerely adheres to the course contents, pattern of examinations, marking systems, issue of degrees etc as designed and implemented by the affiliating university. The university also incorporates the faculty members from the college in various activities relating to preparation of questions, moderation, evaluation of answer scripts etc. The college systematically prepares the schedule for the effective delivery of the curriculum at the institutional level. The learning outcomes are monitored through internal examinations, tests, student seminars etc. The institution also maintains the data of the students enrolled in the college which are timely uploaded to the portal of All India Survey on Higher Education.

| 2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)  |   |   |   |   |  |  |   |   |  |  |
| The career Guidance Cell, Grievance address mechanisms, remedial coaching, coaching for entry into services, etc. are the different platform for the proper mentoring of students at all levels in the college. The scheduled caste, scheduled tribe, and academically poor students are provided with the remedial classes outside the normal classes. Different internal assessment mechanisms are followed to evaluate the learning outcome of the students at regular intervals. The students are motivated and encouraged to use library as the college library houses a finest collection of text and reference books as required by the undergraduate syllabus of the North Bengal University. The previous years question papers are also made available to the students to acquaint them with the question pattern. This helps them in preparing for the university examinations in a more systematic method. Apart from these some local eminent personalities are invited for special and motivational lectures to shape the character formation among the students and also inculcates in them the confidence that they can achieve too. |   |   |   |   |  |  |   |   |  |  |

2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Continuous internal evaluation constitute a significant part in the teaching learning activity in the college. Apart from the sent-up tests and selection exams, the college undergoes a series of internal assessment and evaluation system. Oral and written weekly and monthly tests, assignments, group projects and group power point presentations are undertaken to evaluate the merit of the students.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Academic calendar is prepared by the Internal Quality Assurance Cell sufficiently before the commencement of the new academic session. This has helped the college in undertaking all the academic and non academic matters smoothly, economically and efficiently. The calendar highlights all the important activities that are to be carried out during the academic year including the teaching, internal assessment, sports activities, cultural activities and so on. The examination schedule is prepared by the affiliating north bengal university which is then incorporated in the college academic calendar. The examinations are conducted strictly as per the schedule as prepared by the University.

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

The college has five academic building, one administrative block, one library building, a girls hostel and huge sprawling campus with play fields and green covers of vegetation. The science department and geography have separate laboratories including one computer lab for science department specially physics and maths for their practicals. For the efficient, economic and proper utilisation of these physical, academic as well as support facilities a proper guideline is outlined by the governing body of the college, teachers council and non teaching staff council meetings. The entire faculty is divided into different committees and sub committees which are entrusted with the carrying out of activities for optimum utilisation of the available resources in the college.
