Classes taken on

2.11.2020 only 12 students were added.

3.11.2020 more 4 students were added in the group.

4.11.2020. Syllabus and work given to all the students. I have asked them to add rest students if any. The list provided to me has only 14 students so far.

It would be good if a format is supplied to us for the report containing class, students attendance etc. More importantly if the Routine is provided it would be more convenient to take classes separately.

Thank you
